Prosecution Services:

During this temporary closure discovery viewing and/or copying is suspended. If you are unable to download your discovery through JusticeWeb, please email attorney@ci.missoula.mt.us to make arrangements to provide a flash drive. Staff can advise what size of flash drive is required to fit all media.

Pro Se Defendants:

The most efficient way to receive discovery is through a JusticeWeb account. This service is free and simple to sign up for and use. Please take a copy of **PRO SE FORM #1*** which provides instruction on signing up. You do not need to fill out **PRO SE FORM #2*** if you are signing up for JusticeWeb.

If you do not have access to the Internet and will need discovery in hardcopy there are fees. Please fill out **PRO SE FORM #2** and leave it in the City Attorney's Office folder. You will be contacted when discovery is available. Please take a copy of **PRO SE FORM #1** for your information.

If at any point you wish to speak to the assigned prosecutor regarding your case you will first need to review and sign **PRO SE FORM #3***. The signed form must be in your file for the prosecutor to speak with you.

**Forms available at the security desk at 435 Ryman Street.*
